

IROQUOIS SCHOOL DISTRICT

Student Teacher Compensation Policy

(Adopted: 09/17/1974)

GENERAL INFORMATION:

Student Teachers assigned to the Iroquois School District are not to be compensated a substitute teacher wage if requested to perform the duties of a substitute teacher whenever the Co-operating Teacher is absent.

Said Student Teachers cannot be compensated, as they do not possess an Instructional I Teaching Certificate, which is a pre-requisite for being approved by the Iroquois School District Board of Directors as being a certified substitute teacher.
